

Leaving Lasting Impressions

We create homes, environments of beauty, so carefully thought out, that inspire the lifestyles of those who live within.

Our Philosophy

Home is not merely four walls, roof, and rooms, it's where affection calls, where beauty resides, along a line, on a wall and everywhere, providing meaning to all forms. From how light angles into a sunlit room and the interplay of its shadows, to how movement meets stillness. We see every element in its whole, allowing imagination to lead design.

Home is where love and happiness abide, where dreams and visions and experiences are created, where a sense of place and a feel of well-being emerges.

Our Mission

Design

Create living spaces of unique modern architecture, offering customizable solutions aimed at satisfying each customer's requirements

Quality

We only deliver excellence and aim to exceed expectations in everything we do

Sustainability

We are committed to a sustainable future and to improving the social, economic, and environmental wellbeing of the community

Comfort

More than just a place to live; offering comfortable, safe, and tranquil living environments

Connectivity

We believe in connecting people with their homes, with their communities and with technology through automation and smart systems

Integrity

We promise to always do the right thing for our clients, our team, and our business

Our Values

Customer First

We enrich lives, we delight, we care

Ownership mindset

We act like owners, we are accountable, we are impactful, we challenge ourselves

Winning together

We dream big, we help each other, we empower, we collaborate, we act with integrity

Sustainability

Our project has been designed considering bioclimatic architectural elements that make living more sustainable and economical throughout the life of the building. It has a well for irrigation and A+ building energy efficiency class, rendering it more sustainable and economical vs. standard buildings.

The Athenian Riviera

The Athenian Riviera is a cosmopolitan coastal line uniting the city's southern suburbs and stretching from Piraeus to the temple of Poseidon at Cape Sounio.

It offers a coastal living environment, exclusive lifestyle, state-of-the-art marinas and transport infrastructure to the historic center of Athens, the port of Piraeus and the Athens International Airport.

The Athenian Riviera area is expected to witness significant growth benefiting from the redevelopment of "The Hellinikon Project", which promises to be one of Europe's most iconic development as well as other infrastructure and urban development projects.

“Glyfada” – the wonder of the Athenian Riviera

Our project is located in the cosmopolitan suburb of Glyfada, part of the Athenian Riviera, just a step away from the shimmering waters of the Aegean Sea. Glyfada’s coastal living environment offers a luxury lifestyle, year-long sunny skies, and a multicultural population.

Glyfada is a sophisticated shopping destination with vibrant streets and a throbbing nightlife, only a walk away from white sandy beaches and crystal waters. Exclusive villas, busy marinas, a golf course, designer coffee-shops and stylish eateries make it a sought-after destination.

Our project is developed on a unique prime plot at [Pineiou 10 Street](#), within a quiet, green, and safe neighborhood. The accessibility of the location is unparalleled, only 800m from the beach and 3-minute walk from the main shopping center of Glyfada

The perfect balance of luxury and tranquility

Our Project

“Gaia Residences”

“Experience an address reserved for the privileged”

We were inspired to design something unique that is in perfect harmony with its physical surrounding and the local community.

In the Greek mythology, Gaia is mother Earth and one of the Greek primordial deities.

Gaia Residences has been designed with earthy colors, sustainable building techniques & materials, and abundant greenery, which combined with its sun-setting orientation, create a heart-warming and tranquil living environment. Contemporary, minimal, and connected, Gaia Residences is more than just a place to live...

The Pent-House

ARTIST RENDERINGS

All artist's or architectural renderings, sketches, graphic materials, prices, plans, specifications, terms, conditions, statements, features, dimensions, amenities, existing or future views and photos depicted or otherwise described herein are proposed and conceptual only, and are based upon preliminary development plans, which are subject to withdrawal, revisions and other changes, without notice, as provided in the purchase agreement and the offering circular. They should not be relied upon as representations, express or implied, of the final detail of the proposed improvements. All improvements, designs and construction are subject to first obtaining the appropriate federal, state and local permits and approvals for same. Any features described for the residences are representative only, and the Developer reserves the right, without notice to or approval by the Buyer, to make changes or substitutions of equal or better quality for any features, materials and equipment which are included with the unit. Interior photos may depict options and upgrades that are not representative of standard features and may not be available for all model types, and all depictions of furniture, appliances, counters, soffits, floor coverings and other matters of detail, including, without limitation, items of finish and decoration, are not necessarily included in each unit. Furnishings and finishes are only included if and to the extent provided in your purchase agreement.

No representations or warranties whatsoever are made that existing or future views of the project and nearby areas depicted by artist's conceptual renderings or otherwise described herein, including green spaces and other existing or proposed buildings, will be provided or, if provided, will be as depicted, or described herein. The project is in a rapidly developing area and any view from any unit, or from any other portions of the property, may in the future be limited or eliminated by future development or by forces of nature. These renderings include certain (but not all) nearby existing and proposed projects and facilities. Since these other properties and proposed projects and facilities are not owned by, and are not being developed by, the Developer, no representations or warranties are made as to whether or when they will be developed, or if developed, as to their nature, size, appearance, or quality. Certain adjacent or nearby green space areas, and other areas and improvements depicted or described herein, are conceptual only and may not reflect currently existing, proposed, or other potential improvements for such sites. Accordingly, the Developer makes no representations or warranties whatsoever regarding what, if anything, will be included within any adjacent or nearby properties.
